

Together

Polish language school

Together was established in 2009. Classes are held in Warsaw, Krakow, Wroclaw and Lodz. Online teaching is conducted through a modern e-learning platform. **We are one of the leaders in the Polish education services market**, we not only specialize in teaching Polish to foreigners, but **we also work with the best teachers in the country**. The school offers a variety of courses: group, individual, courses for children and adults, specialist courses (medical, business, etc.). **We also offer year-long courses that allow for legalization of stay for foreigners** – it allows them to receive a residence permit or a visa.

Together school is certified by:

NARODOWA AGENCJA
WYMIANY AKADEMICKIEJ

Ministerstwo
Edukacji i Nauki

Mazowiecki Kurator Oświaty

Courses for business.

Each course is treated with utmost care about the Client's needs. They are always created according to the company's requirements with special attention to specialist vocabulary, schedule and set targets. Apart from qualified teachers, the courses are supervised by the Head Teacher of the school. Before we start cooperation, we always conduct a language skills analysis of the employees. We conduct all the processes with professionalism and care.

We cooperate with:

Polish Language School Together is the only language school network in Poland whose curriculum has been certified by the Education Office in Warsaw.

Every school is located in central locations in Warsaw, Krakow, Lodz and Wroclaw. The offices are air-conditioned and well furnished, with spacious classes and free coffee and water for the students. Each location allows for easy parking.

The school conducts the National Polish Language Certificate Exam on all levels. To become an exam centre, a school has to get through a challenging and difficult process. These licenses guarantee the highest level of teaching.

The exams take place in modern conference centres, with comfortable conditions and easy access for everybody.

We test 2000 students annually.

The teaching staff of Together school are professionals with higher philological education, as well as great experience of practical work with students from different countries. **Our teachers regularly attend teaching conferences and seminars** to keep up with current trends in the field of teaching foreign languages. Their goals are not only to help our students to learn foreign languages, but also **to create an atmosphere of hospitality and friendship for everyone in the school.**
